Her Dad's Friend (A Romance Novella)

Synopsis

He was my dad's best friend and my first crush. Falling for him was bad. Flirting with him and trying to get in his pants the night of my 21st birthday party was definitely worse. But can you blame me? I hadn't seen the guy in years and he comes back looking hotter than ever. Our fling shouldn't have even begun but now that it has, I don't want it to stop. I'm crazy for this guy and he's obsessed with me. Too bad my father will kill him if he finds out. So we can't tell him. We just have to keep it secret. Right? That might have worked... until he got me pregnant. How can we keep what we've done a secret? And what if he doesn't want us to? This is a standalone novella with a HEA! Penny Wylder writes just that-- wild romances. Happily Ever Afters are always better when they're a little dirty, so if you're looking for a page turner that will make you feel naughty in all the right places, jump right in and leave your panties at the door!

Customer Reviews

If you are looking for a semi kinky, unrealistic fantasy this book is for you. I really wanted to like this book! The forbidden fantasy, the taboo, but the writing was just not there. It was so far into a fantasy

straight out of someones naughty dreams that I couldn't get into it. There's little detail, even in the sexual scenes that it just became boring. It was also very unrealistic:*spoilers ahead*Okay, so many a people have had that I'm so horny let's forget about protection experience. But, I don't know a female alive who continues to have unprotected sex for over a month and never manages to a) ask the partner to wear protection b) get plan b and c) not do something so reckless in the future encounters and d) have concern over it. Not to mention, Paul is suppose to be older, mature and responsible. If he apparently builds a construction business up so well he sold it for millions (again very unrealistic) he certainly would be smart enough to ask about birth control or other forms of protection. He rejects her and says they can't be together and then five minutes later he is stalking her in the parking lot. If he was going so far as to watch her, why would he not be a good boy scout and have a condom JUST IN CASE? Then we continue with the way her parents reacted. As a mother, I know if my daughter were to tell me she is pregnant with her dad's best friend's baby, my first thoughts would be this dude is a pedophile. Every mother in their right mind would question and look back on how this person acted with their child while they were under age. They would ask how long this has been going on, demand answers, wonder if their daughter has a daddy complex.
