**In Invasion :** Maya's first job as captain of her tractor vessel is to transport her cargo across the galaxy, and keep over twenty thousand humans colonists alive in the process. But when she is awakened unexpectedly from cold sleep by three alien creatures, she has to discover a way to keep herself, and her people safe. What will Maya sacrifice in order to insure the survival of her civilization? And will she end up enjoying herself, after all?

**In First Contact:** Anya's felt inferior to her famous family her entire life. In order to avoid the tremendous pressure to be the very best at everything, she took a job in the Arctic, tending solar farms. Alone for three months, she had very little to occupy her mind or time. That was before the ship crashed. Finally she is special, the first human to meet an alien being. But meeting is not what the invaders are after...

**In Caged:** Stella awoke in a cage. The last memory she had was getting into the cold sleep tube. Now she was being held captive by a pig like alien who only cares about how she will influence his wallet. But when he discovers a special ability that she has, something his species cannot do, he suddenly becomes far more interested...

**In Forbidden Seed:** An exploration party has gone terribly awry, leaving a woman alone on a hostile planet. She is not safe, even from the trees!

**In Seduced at the Cantina:** This is the story of a heartbroken woman, too much alcohol, and too many tentacles.

**In Taken at the Cantina:** The story continues from Seduced at the Cantina, and the woman and her alien lover's attempt to escape for freedom. What depravity and humiliation must she go through in order to get through the dozens of aliens surrounding her?

Plus the full Helpless trilogy and one surprise bonus story! At more than 57k words, these alien loving women will leave you wanting more!
