I have followed Reyna on social media forever. I was so excited when she decided to write a book and couldn't wait to purchase it. A lot of the things she wrote hit home for me. Its crazy how someone you don't know at all could have/went through the same things that you did. Reyna seems to be an amazing beautiful person inside and out. I contacted her on social media and unlike others, she didn't ignore me. I hope that she writes more books and even looking ones. I'm looking forward to the things she has in store.

Loved the book so much. I could relate on in on another level. If there is anyone out there looking for a book that will help guide them in the right direction to happiness this is the book for you. Personally want to thank the author Reyna Mays for helping me through a hard break up. Lifted my spirits

I've been following Reyna on Twitter and IG for sometime now. I've had several convos with her and

although we don't know each-other personally, I am truly proud of her and the fact that she poured her all into this book & for that I appreciate her forever. Can't see more from her :)

My daughter wanted this book and she said she really likes it. I cannot get her to read books for pleasure, but this one she was face buried in until she finished it. Now she just goes back through it for her leisure.

First allow me to say, & emphasize... This book is not for everybody! if you're into traditional poetry you probably won't like it. That being said.. I LOVED it, though I wish it was a little longer, it's very relatable to young girls (and even boys!) going through the familiar feeling of heartbreak.. me going through this myself made a lot of the poems very touching and I got emotional more than once. If you want a book about self love and removing yourself from a toxic relationship all while trying not to feel so alone in your situation, I recommend this book. I gave this only 4 stars because; though I loved the book I do wish it was a tad bit more organized. I felt very all over the place reading this.

I was fortunate enough to get a signed copy of this book with one of Reyna's poems as well. When I tell you this book has touched me in so many ways! I literally couldn't keep the tears from falling simply because I can relate so much to it. I highly recommend this book.. and I cannot wait until the next one! so inspiring. keep shining Reyna. always love, Alexis.

I love this book, everything about it! All 108 pages. It's amazing, not only is the book but the author. I've been following her for a while now, on every social media and she is an amazing human being, inside and out. If you honestly need a reminder of what it is to love yourself, you definitely need to read this book.

Love it. Can relate to the book so much. I follow Reyna on Instagram and she has such an amazing, up-lifting heart. If you are going through something, such as relationship problems, def check her out!
