# The Wakefield Mystery Plays

## Synopsis

Four hundred years ago the medieval mystery plays, presented each year in various English villages to teach the stories of the Bible to the illiterate population, were the great classic English dramas. Queen Elizabeth I banned these plays because she considered them Roman Catholic, and since then the texts have been available only to scholars. In this volume, Martial Rose has restored the most dramatic collection of these plays—the cycle presented annually by the town of Wakefield—to the modern reader in complete, acting versions of the original text, with notes on their production and staging. The thirty-two plays of the Wakefield cycle, written during the fourteenth and fifteenth centuries, go from the Creation to the Last Judgement, covering every important event in the Old and New Testaments. The anonymous authors, it is now clear, had not only a deep dedication to their subject, but also a keen sense of the theatre. Humor, horror, and sharp earthly details are mingled with admonitions to the audience and religious devotion. The plays are both lively and moving in their own right, and important links in the history of drama.

## Book Information

File Size: 1920 KB

Print Length: 552 pages

Publisher: Doubleday (September 19, 2012)

Publication Date: September 19, 2012

## Customer Reviews

This is an excellent text and reads very easily, especially for students. I have used it in my classes

with undergraduates, and they have enjoyed it and used it well. I find this version not only accessible for my students but also accurate to the original Middle English text. I would recommend it highly to any teacher or student of English Medieval literature, especially of the Corpus Christi Cycle dramas.

Rose's introduction is kind of muddled, and so isn't as useful as you might think--however, the translation of the plays is good and the author is quite thorough in his research.
