Customer Reviews

A well written scene. Enjoyed. The writing is great, the characters are well developed, and the sex is hot. All in all, the whole delicious sandwich of powerfully written, exquisitely explored stories covers the broad terrain of our erotic delights and is a completely satisfying meal. So grab yourself a bite of this great erotic book. It'll wake up your body and your imagination and feed your soul!

This was as much as expected. Not particularly realistic but basically served as context for a well described sex scene. I loved the the base of the story. I love the possibilities this story holds. For a Novella this story took my interest quickly and I was quite sad that it ended so quickly.

I bought this book out of curiosity of lesbian stories and how they do the thing. Well, I am very impressed how the author makes an awesome plot on every story and you can really sense the steamy hot romantic scene. Overall, I have a good time reading this book and hope to read books like this in the future.
