Redemption (Dark Desires Book 3)

Synopsis

Love is supposed to conquer all. With love, you can overcome the obstacles thrown your way. No matter how ugly or gruesome, love will endure to the bitter end. That's what Valerie believed - until now. The man that she tried to keep herself from falling for had somehow managed to force his way in and before she knew it, she had given him her heart. If he believes walking away now is what's best, he's wrong. But she refuses to beg. No matter how much it hurts. If he wants to leave, then she won't stop Vladimir from going. After getting rid of the bad guy, you're supposed to get the girl. That's how it works unless your name is Vladimir and everyone calls you The Impaler. Vlad knew from the moment he met her, from the moment he felt their connection, he should have stayed away. Women like her would only get hurt by associating with men like him. He can't change the past, but he can allow Valerie to have a normal future. A future free of the danger he brings. He vows to let her go and seek redemption for the woman that deserves it the most. Warning: This book contains sexually explicit scenes and violence. It is intended for mature audiences only (18+ advised).

Customer Reviews

The final book in the story. As to be expected after being kidnapped and assaulted Val has issues. First mistake she made is not telling Vald what really happened to her while she was kidnapped. Communication breaks down in the couple's relationship. When Vald finds out the truth of course he wants to avenge his woman and punish all the people who took part. When Val finds out what he is doing she starts treating him poorly and making all kinds of ultimatums and threats. For me this is where the story takes a nose dive. How can you blame your man for killing those who have hurt you? I felt that Val did not back her man, she was too young and immature to understand where he was coming from and made him feel wrong. If you are going to be with a man that has mafia ties or is in the arms trade then you better be prepared and understand that there is gonna be some darkness that comes with that man. I must prefer in these kinds of stories when the woman is as badass as her man, if not the relationship is doomed for failure because you want him to be something that he is not. They eventually get their happy ending. The series is worth a read.

I love the character growth of Vlad from Genesis to Redemption! I'm really happy that they got their HEA. I would really like to see Andrei and Macy have their own story. I think they would make an interesting couple.

When I started reading I didn't know how the author was going to get the couple past what happened. Valerie wanted to leave, she wouldn't talk, both were having internal conversations but not with each other and I wanted to jump through the pages and sit them down to make them say the words to each other. The couple faced more downs but they stuck together. Both became better people once they started communicating. I enjoyed Andrei and would love to read his story. The couple find their happy ending and it was beautiful

I really loved how well developed the characters were written in the book. And although, in the beginning, Valerie was naïve. But as the story developed, she grew as a woman with a backbone. And I like that. Vlad will remain a maniac but in a good way. Lol! I'm glad I discovered this author and series.

While this was a worthy ending to a good series I feel that there were just a few parts missing. I think I would have liked to have seen a little more of Vladimir and Valerie in the first months of parenthood. I would have liked to have seen a little more interaction with their friends. Overall I was

not disappointed ,this was a good solid ending to a good series.My one ding is that a second pair of eyes are needed sometimes.A really good adult romance dealing with a few heavy subjects.

Great series for intelligent readers. Understanding the areas written about was a huge help to this reader and made the story and characters so much more enjoyable. However, I hate the names changing throughout. Please invest in a good editor

This was a very good book, I loved the growth of the hero and the heroine in this book. This couple went through a lot, but their love for each other stood the test of time. All though I'm a little ticked that the father wasn't revealed (because I'm nosey like that..lol) it didn't take away how great this book was. Kudos to you Ms. King!!!!

I'm pleased with the outcome of this series. I know that I was a pain in the butt LOL!!! with the release dates with a couple of the books but I loved how perfect they were for each other. They brought out the best in each other. I release that Vlad needed a lot more help than Val, but even she matured over the course of the series especially the final book Redemption. I know that they didn't say that he was the biological father, but I would like to believe he was especially with the son having blond hair. I am glad that Vlad grew into fatherhood and it became him as did marriage !!!! PS Miss King keep up the good work and I can't wait until Keynaan's story come out!!!!
